**Amendments to the Claims** are reflected in the listing of claims which begins on page 3 of this paper.

**Remarks/Arguments** begin on page 7 of this paper.

and 2 are rejected under 35 U.S.C. 102(b) as anticipated by the patent to Gibbs (US 6,052,961; that claims 3, 6, and 11 are rejected under 35 U.S.C. 103(a) as unpatentable over Gibbs in view of Hlasniecek (US 5,630,305); that claims 4 and 5 are rejected under 35 U.S.C. 103(a) as unpatentable over Gibbs as modified by Hlasniecek, and further in view of the patent to Gadsby (US 3,899,855); that claim 12 is rejected under 35 U.S.C. 103(a) over Gibbs in view of Manner (US 5,295,339); and that claims 9, 10, 14 and 15 are objected to, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant, by this Amendment, cancels all of the claims under rejection and objection as well as claims 9 and 10, amends claims 14, adds new claims 16 through 34, all in accordance with the examiner's indications.

New independent claim 16 is original claim 9 rewritten in independent form to include all of the limitations of base claim 1, there being no intervening claims. Claims 17-25 depend from new claim 16, or from a claim depending therefrom, and include the limitations of previously presented claims 2-8 and 11-12.

New independent claim 26 is original claim 10 rewritten in independent form to include all of the limitations of base claim 1, there being no intervening claims. Claims 27-34 depend from new claim 24, or a claim depending therefrom, and include the limitations of previously presented claims 2-9 and 11-12.
